## Keep Australia Beautiful Container Recycling Grants

Schools can apply, but collections must be related to the wider community (eg in collaboration with weekend oval users like sports clubs etc). Please read the guidelines carefully before applying to ensure your proposal meets the criteria.

## What's on with WOW this term (and last)

This term we are 'on the road again' with booked out shows at Eudunda, Booleroo Centre, Port Augusta, Roxby Downs, Whyalla, Clare and metro sites too! Thanks to all the Copper Coast and South East sites that hosted shows last term. A special mention to St Anthony's Millicent- we found the smallest amount of food and drink packaging ever seen in an audit! It squashed into one small ziplock bag- that's for 240 people... which shows that

long term behaviour change is possible with whole school community commitment. St Anthony's embrace Education for Sustainability and have been working to be wrapper free for 8 years- it's working!

## NRM School (and Preschool) Action Grants close June 22nd.

Natural Resources Adelaide and Mount Lofty Ranges (AMLR) is offering up to \$1,500 for activities that support culture change towards Education for Sustainability. For sites in AMLR region ONLY.

<http://www.naturalresources.sa.gov.au/adalaidemtoftyranges/get-involved/grants-and-funding>

## WOW Evaluation Survey

WOW is seeking feedback on its services and resources over the last 8 years.

If you haven't yet sent us your feedback, please complete the brief survey (10 questions) at [www.surveymonkey.com/s/8ZJDJWS](http://www.surveymonkey.com/s/8ZJDJWS)  
We greatly appreciate your input.

## Zero Waste Home

Bea Johnson lives waste-free with her family since 2008 and is the author of Zero Waste Home (Zéro Déchet en français). Check out her blog at [www.zerowastehome.com/](http://www.zerowastehome.com/)

## KESAB on Facebook!

Have you seen the KESAB facebook page? Like it at [www.facebook.com/#!/KESABenvironmentalsolutions](https://www.facebook.com/#!/KESABenvironmentalsolutions)

## Interesting lesson ideas

## Online courses - live

Cool Australia has a range of online courses for preschool to secondary educators. We'd love to hear your feedback if you've done one.

## Easter foil winners

Congratulations to Spring Head Lutheran School who took on the WOW Easter Challenge, who were "proud of the students positive response for their eggcellent Easter wrapper collection."

*I have just remodelled all our wrappers into one big egg. It weighed 783 grams which is a great achievement for 60 students. I covered it with foil that we will recycle to use for a school art project."*  
Kathy Juers at Spring Head Lutheran School.

Well done Spring Head Lutheran School, and also Edwardstown Primary School with 660g of foil. And thanks to the 553 people who shared the Easter Challenge from the KESAB facebook page <https://www.facebook.com/#!/KESABenvironmentalsolutions>

## Nude Food Sticker Design competition

a sheet in Term 3!

Sites tell us they would like stickers to encourage families supporting Nude Food and waste free initiatives. Kingston On Murray students have sent us some of their artwork. We want a whole page of stickers designed by students. Please email us any high resolution designs by students, we will select those that will print best and send your class

## Junk Craft

Junk Craft activity kits from EnviroMethod™ (a new KESAB brand for educational resources) provide a way for manufacturers off-cuts, that would otherwise be sent to landfill, to be reused for craft activities. By combining Junk Craft off-cuts with items from nature and your own art supplies, you can have fun creating wonderful pieces of theme-based art.

## Join Nude Food Day

The sixth annual Nude Food Day has a \$25,000 prize pool for schools in Aus,NZ and the UK! Over 2 million students are expected to participate in the Nude Food Movers initiative, in partnership with Nutrition Australia, which encourages eating well, living well and eliminating unnecessary packaging. The event is celebrated throughout October. More info at [smashenterprises](#)

## Recycled waste put to good use by youths

A group of young people recently participated in headspace Port Augusta's 'Recyclart' project, which saw 5,000 bottle caps used in creating fabulous murals. ## Wowing them at Roxby Downs

A great article by Patrick Glover from the Monitor in Roxby Downs, where students enjoyed the WOW shows and staff from local sites enjoyed visiting the landfill and recycling depot with great information from BSH Transport and Waste solutions. Many thanks to Roxby Downs Area School for their generosity in hosting the shows and PD session, and to Anni Walsh, Community Projects Officer at Roxby Downs for her support.
