ONGOING SUPPORT

WOW Education Resources

Department for Education sites, SA

Wipe out Waste is a **FREE** South Australian program supporting education for circular economy and waste reduction.

Funded by **Green Industries SA**, delivered by **KESAB environmental solutions**

ONLINE RESOURCES: available to **all** education sites at wow.sa.gov.au

Big Book Series - The Journey of My Bins, and The Amazing Journey of My Recyclables, 9 downloadable books for ELC-Yr2
Single-Use Plastics (SUP's) - a highly collaborative Yr4-6 unit of inquiry exploring litter, SUP's, microplastics and lunchboxes
Nude Food - resources to assist education sites to reduce food packaging, including recipes, information and activities
Compost in a Jar - a Yr6 classroom experiment (adaptable) examining decomposition, composting and nutrient cycling

INCURSION PROGRAM: available to **Metro** sites (WOW Show after a BMA), all **Regional** sites when **touring**

Litter Less - a hands-on collaborative workshop and student-led litter audit for Yr 4's to 9's

The WOW Show - an engaging and informative show for K-Yr6 exploring your 3 bins, delivered by BrightSpark Entertainment

PATHWAYS TO WOW: available at **STARTING** engagement level

Bin Usage Assessment (BUA) - students and WOW staff inspect a site's classroom and yard habits and suggest useful changes
Less to Landfill Challenge - challenge your students, with help from WOW staff, to produce just one mini-bin of waste per day
Professional Learning Tour - tour modern waste and recycling sites (PD certificate, upcoming live and virtual tours on website)
Activity Day - 4 classes experience a 'tasting plate' of WOW and KESAB activities exploring our impact on the environment

BASELINE DATA: available to education sites after a **PATHWAY** incursion or event

Bin Material Audit (BMA) - students and WOW staff sort 1 day of bins to uncover a site's separation successes and challenges

SITE DEVELOPMENT: available at **CHALLENGING** engagement level

WOW Partnership - *pre-requisite for resources below* - WOW and site staff explore Site Waste Management Plan development
Professional Learning - Next Steps - tips for establishing a waste management committee and education plan
Professional Learning - EcoAction Team - tips for establishing and nurturing an effective student-led EcoAction Team
Build a Better Lunchbox - a Primary incursion with follow-up online resources exploring food waste, packaging and choices *
Food and the Circular Economy - a Secondary resource and incursion exploring food waste, packaging and choices *

SITE SUPPORT: available at **COMMITTING** and **TRANSFORMING** engagement levels

Bin Materials Re-Audit - students and WOW staff (or DIY!) measure progress with a follow-up audit of 1 day of bin materials
Parent Information - WOW staff can help you keep parents up to date, with an information night or newsletter articles
Staff Support - WOW staff are available for site staff meetings, emails, calls and check-ins to aid in embedding waste education
EcoTeam Support - WOW staff are available to help guide a site's student EcoTeam meetings, campaigns and peer teaching
WOW Awards - WOW schools at any engagement level may be eligible for recognition awards in varying categories

* coming soon, call for more information
